

300 YARD RESULTS

May 15, 2010

The second match of the 2010 season was well attended. Twenty-three (23) individuals shot a total of thirty-two (32) matches. We could not have wished for better weather as it was warm with almost no wind. It would be great if we had the same conditions for our next match in June.

Thanks to a bunch guys for arriving early and setting up the targets and boards prior to the match. We have a great bunch of shooters who regularly attend these precision shooting events and pitch in to help with scoring, target duties, and range operations. Without your help, these matches wouldn't be so successful and enjoyable. Thanks to all who volunteer their services!

After reviewing the scores, you will note that the very elusive (200) "perfect score" was achieved by Nick Takacs who had a 200-12X . Congratulations Nick! There were several other great attempts at it though. Congratulations to Matt Glovinsky for shooting a great score in the F-class position (shooting from the ground with a bi-pod) of 198-13X. This is the highest score shot from the ground with a factory production rifle and a bi-pod that we can remember.

If anyone has a desire to test your marksmanship skills, please join us at the June 19th match. Be sure to review the rules and suggestions outlined on our website or e-mail me or Bernie with questions.

Regards:

Nick Takacs/Bernie Bong
