

300 YARD RESULTS

October 16, 2010

The last 300 yard match of the 2010 season ended with absolutely wonderful weather without a cloud in the sky. In spite of nature's gift only one perfect score was recorded by Matt Glovinsky shooting on the very difficult F-class target. We wish to congratulate Matt for his impressive display of marksmanship! If you don't know Matt he's the young gentleman who is wearing a well deserved smile. As a general rule, all participants in the event this season have improved their skills as evidenced by the ever improving scores fired during this season. Marv, from Toledo, has inspired several of our members take up the 300 yard challenge with handguns. Richard, Terry, Bob, and Bernie have developed notable skills with their "Pistols" and are forcing Marv to start using his "Rear-View Mirror". Go get-em guys!

I wish to Thank everyone who contributed this year by participating in this challenging sport. I wish everyone success and hope you all return next year for another challenging season of fellowship and competition.

Bernie and I will be tabulating math results from this past year and will present medallions to all class winners in the future. We will post these statistics on the ECCL web site under the 300 yard match heading in the near future.

In closing, I wish to Thank Bernie for the countless hours spent preparing the match reports and keeping the range in such wonderful condition! We all appreciate all you do for us Bernie! I also want to recognize our members for helping score targets and tabulating scores with perfection. Good job guys! Thanks to those of you who stepped forward when called upon to "direct fire" and make sure safety measures were followed. I really appreciate your contributions! And lastly, thanks to each and every one of you for abiding by our range rules!

Nick/Bernie/Bob
