

HIGH POWER SHOOT Oct 4, 2009

It was a great day for shooting with the air clear but cool with the wind building so it actually felt cooler as the morning went on.

I would like to express my "Thanks" to Ken Pelletier and Dave McCracken who helped set-up the targets. Also "Thanks" to the people that plugged and scored the targets, and helped tear down after the shoot. This is a lot of work and is greatly appreciated.

We were missing some shooters probable due to the weather but we will hopefully see them at the next match.
